TECHNICAL EXPERIENCE

Aktech Labs, Cirun.io May 2022 — Present
Freelance QA Engineer Remote

- QA Engineer at Cirun.io which is a cloud SaaS product by Aktech Labs
- Worked on defining the test cases, acceptance criteria for the user dashboard.
- Worked on the automated testing of the Data pipeline using Pytest
- Automated testing of the CI/CD platform (Cirun.io) using Cypress, Javascript and GitHub Actions.
- Working directly with the development team to support new features.

Gartner Jun 2021 — Apr 2022
Test Engineer Remote

- Automated Testing of the Image classification ML pipeline
- Automated Testing of the Image quality prediction ML pipeline. Wrote a set of tests to verify the model behaved as expected. The test asserted the score was within a range as you can't assert exact scores for models that change very frequently.
- Automated testing of the ETL pipeline of restaurant reviews extractions.
- Automated the internal portal using UIPath.
- Automated test script to test the application using Nightwatch
- Manual and Automated testing of all the services used in the application.

Cognizant Dec 2017 — Jun 2021
Programmer Analyst, Travelers - Insurance Chennai, TN

- Involved in Automation Testing - Automated script creation and maintenance (script error debugging) & Automated script enhancements.
- Create and maintain all the release and project specific user stories and tasks using Rally.
- Identify release and project specific milestones, external milestones, dependencies, issues, risks and assumptions.

Programmer Analyst Trainee, Met Life Chennai, TN

- Involved in maintaining and enhancing CAS Application.
- Developed selenium codes in RAD Application.
- Fixed various security flaws by analyzing the requirement, identified the desired scenarios, made relevant code changes, and performed Unit and Manual Testing on local as well as the application.
- Verified logs for all the applications and tracked the exceptions.

EDUCATION

Bachelor of Technology in Computer Science, Lovely Professional University Jun 2017
High School, SBM School, Delhi Jun 2013

ACTIVITIES

Graduate Student Placement Coordinator 2015 — 2017
